

ERGA OMNES

LT (P II) ORGANIC FERTILIZER – Organic nitrogen-potassium (NK) liquid fertilizer of plant origin

Formulation with high value organic matter.

The organic nitrogen, potassium, amino acids and vitamins it contains improve the structure, physical and chemical properties of the soil and soil microbial activity.

For application to the soil by root irrigation (and drip irrigation) in all crops.

Guaranteed composition:

Total nitrogen (N): 3.0-5.0 % w/w

Organic nitrogen (N): 3.0-5.0 % w/w

Potassium (as K₂O): 3.0-5.0 % w/w

Organic carbon: 23.0-25.0 % w/w

Organic matter: 40.0-60.0 % w/w

Specific gravity: 1.26

pH: 6.4 ± 0.5

Its rich nutrients help:

In the initial stages of growth, during flowering, in fruit filling, it increases sugars and color in the fruits, and ultimately in the production of quality fruits that withstand shelf life after harvest.

Apply by root irrigation:

During the first waterings of the growing season or in annual crops before or after transplanting or germination.

At the beginning of flowering.

During fruit filling.

And when the fruit changes color.

Dose:

120-240 liters per ha in a growing season.

If a total of 4 applications are made, then the dose in each operation is: 3-6 liters per acre per application.

COMPATIBILITY:

Do not combine with products that have very acidic chemical compounds and with sulfur or copper preparations.

STORAGE CONDITIONS:

The product should be stored in ventilated, cool and dry areas, at temperatures between +5°C to +35°C, away from sources of heat / ignition. It should also be protected from sunlight.

Packaging: 1LT / 5LT / 10LT / 20LT

NitroFarm SA is certified with EN ISO 9001:2015 Quality Management System and EN ISO 14001:2015 Environmental Management System

It's not a plant protection product

suitable for use
in organic farming,
according to the
requirements of Regulations
EC 848/2018 & 1165/2021
