*Five Decades
of Trust and
Performance*

www.nitrofarm.gr

We understand that global food consumption is increasing and by 2035, food production needs to double.

With limited available arable land, the only way to achieve this sustainably is.....

**Harnessing the
power of nature**

Five Decades of
Trust and Performance

Against the wave of exit of many companies from the country, NitroFarm SA. "votes" Greece by making innovation investments of 2,700,000 euros in the last eleven (11) years 2015-2026. Having a share of around 11% in the Greek market, it has been looking abroad for 30 years with a wide presence in more than 28 countries, exporting under its own brand names around the world.

It continues to move dynamically in its long history, from 1976 until today, based in Thessaloniki in Northern Greece. It has two modern production, sub-packaging and storage units that operate on its behalf, but also on behalf of third parties.
